

TILZ Soils and Compost is hiring!

TILZ is a licensed composting facility and soil blending facility located on Bainbridge Island in Western Washington. In addition to the composting and blending operation TILZ operates a commercial and retail materials yard, offering compost, soil blends, mulch and rock products to contractors and the general public.

Knowledge of soil, compost, rocks, plants and landscaping is important. Ability to provide high quality customer service is necessary. A positive team player who has attention to detail and takes the initiative to do a job well done is who we are looking for.

Daily work includes but is not limited to:

- Using a POS system to charge customers for yard waste and material
- Answering phones
- Scheduling deliveries
- Describing use and qualities of materials
- Must be able to lift 50lbs
- Must be able to stand for periods of time
- Spanish as a second language is a plus!

As a small business, the opportunity exists not only to join a successful team, but to help influence the future and direction of composting on Bainbridge Island.

Full-time employment includes eligibility for medical, dental and vision insurance and 401k opportunity.

Please send your resume and cover letter to: info@tilz.com
